2

## Remove battery cover

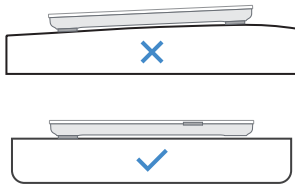

Remove the battery cover on the back of the scale, and insert the **4 AAA** batteries.

3

## Scale Placement

Place the scale on a hard, even surface. Avoid using the device on carpet.

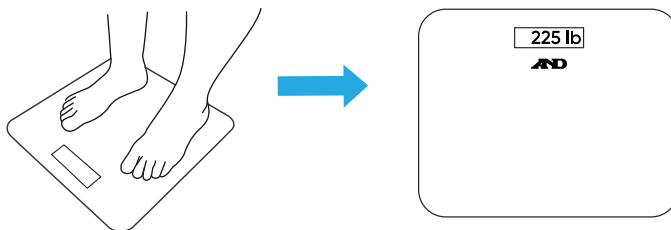

- A) Place your scale on a flat and hard surface.
- B) Do NOT place the scale on carpet or soft surface.

4

## Properly set up

**Step on the scale** and remain standing until the screen displays "**step Off.**" Your weight will be displayed once you step off the scale.

5

## Take a measurement

When the measurement concludes, the Gateway will beep and the LED ring will turn **green**, indicating that you have properly taken a measurement, and that measurement was successfully transmitted.

6

## Daily Measurements

**Take one measurement** each day unless advised otherwise by your healthcare provider. The LED will turn **RED** each morning and then turn **GREEN** once a measurement has been successfully transmitted.
